TO THE FACULTY OF BEULAH HEIGHTS UNIVERSITY

The University campus is a small world all on its own. There are a wide variety of activities, but a unifying purpose under girds it all. The same responsibility that we all share becomes your personal concern. We are all engaged in the extension of God's Kingdom, and we must all discipline ourselves to hone our skills, be motivated by a sense of dedication, and work cooperatively for the good of all phases of university life.

This booklet has been prepared to help you understand the employment policies and practices and to acquaint you with your benefits, rights, privileges, and responsibilities. If you have questions regarding other matters, please feel free to discuss these with me or your Department Chair. We are eager to make your work at our university pleasant, enjoyable, and rewarding.

The seven C's for faculty are:

- 1). Credentials
- 2). Character
- 3). Competency
- 4). Capacity
- 5). Calling
- 6). Culture
- 7). Chemistry

All of the above are equally important qualities for faculty. It is important to recruit the best, equip the best, and retain the best to glorify God in our endeavors. May God bless you richly in this ministry that is so closely and vitally related to the mission of HIS church.

The comprehensive purpose of BHU is to provide a high-quality Christian education, which will develop students in living the Christian life and prepare them for service and leadership in Christian ministries and the marketplace.

Core Values

The core values of Beulah Heights University are foundational beliefs inherent in its operation as a university and a Christian institution. The core values compel BHU to measure every action against its values for a standard of ethics in its daily operation.

Biblical Inerrancy

BHU seeks to bring every aspect of personal and corporate life under the functional authority of the inerrant Word of God by obeying its commands, applying its principles, and refraining from dogmatism where the Bible is silent. BHU is prepared to stand on biblical inerrancy against the opposing tide of compromising norms and peer pressure. (2 Timothy 3:16).

Integrity

BHU seeks to live, teach, and promote lives filled with godly choices in the face of temptation and ethical compromise. Consistent growth toward Christlike attitudes and demonstrated behavior within the context of responsible church membership and involvement are all a part of integrity. BHU affirms the necessity of yielding to the Lordship of Jesus Christ as the unconditional Lord of Life. (Romans 12:2)

Global Missions

BHU is committed to implementing Christ’s mandate to fulfill the Great Commission by stimulating and training Christians for evangelistic church planting and supporting ministries through global evangelization. (Matthew 28:19)

Dedicated Servanthood

BHU is dedicated to training Christian leaders whose lives reflect the conviction that both individual and corporate prayer is essential in the pursuit of God’s purposes for holy living and fruitful ministry. BHU further seeks to cultivate an understanding of and commitment to worship and giving as a vital response of the believer to God. BHU desires to be a community marked by joyful reliance upon God for material provision, victory over sin, growth in Christ-likeness, and fruitful service to God and others. (Matthew 25:21)

Diversity

BEULAH HEIGHTS UNIVERSITY STATEMENT OF FAITH

God

There is one God who exists eternally in three persons: Father, Son, and Holy Spirit. God is the almighty Creator, Savior and Judge who governs all things according to His sovereign will and is accomplishing His purposes in creation and in the Church to His glory.

The Human Race

Humanity is the climax of God's earthly creation, bearing His image, designed for relationship with Him, and being the object of His redeeming love. All people have sinned. This result is guilt, death, and alienation from God as well as the defacing of every aspect of human nature. People are unable to save themselves from sin's penalty and power and from Satan's dominion.

Jesus Christ

Jesus, both fully God and fully man, entered history as Savior of the world. He was conceived of the Holy Spirit, born of a virgin, and lived an exemplary, sinless life in perfect submission to the father and in loving relationships with others. He died on a cross, rose bodily, and ascended to heaven where He is advocate for His people and is exalted as Lord of all.

Salvation

Christ's sacrificial death, in which He bore the punishment due to sinners, is the only and all-sufficient basis of God's provision of salvation for all people of every culture and age, expressing His love and satisfying His justice. By God's grace the repentant sinner, through trusting alone in the Lord Jesus Christ as Savior, is put right with God, adopted by the Father into His family and receives eternal life.

The Holy Spirit

The Holy Spirit makes the work of Christ effective to sinners, giving spiritual life and placing them into the church. He indwells all believers, empowers them to love, serve, witness, and obey God, equips them with gifts, and transforms them to be increasingly like Christ.

God's Written Word

The Bible, consisting of the Old and New Testaments, is God's written word, revealing for all people His character and purposes. It is the final authority in all matters relating to belief and behavior. The Holy Spirit moved the human authors of the Bible so that what they wrote is inspired, fully reliable, and without error in all it affirms.

The Church

Revised 11-16-11

The Universal church is made up of all who have been born of the Spirit. It finds local expression in communities of believers called by God to worship, fellowship, proclaim the Gospel, and make disciples among all people, reflect God's character, engage in works of compassion, contend for truth and justice, and celebrate baptism and communion.

The Future

The Lord Jesus Christ will visibly return to the earth in glory and accomplish the final triumph over evil. God will make everything new. The dead will be raised and judged. Unbelievers will suffer eternal punishment in separation from God; believers will enter into a life of eternal joy in fellowship with God, glorifying Him forever.

Faculty Understanding: Any faculty member who finds his/her doctrine not in agreement with that of the University is required to refrain from promulgating those doctrinal differences while on the campus of BHU in order to avoid strife within the body of believers. Therefore, all faculty members are required to sign the above Statement of Faith indicating understanding and respect.

"I have read the Statement of Faith, understanding the doctrinal position of the University and I hereby agree to understand and respect it."

III. FACULTY QUALIFICATIONS

Prospective faculty members of Beulah Heights University are required to document the qualifications required of faculty of the university:

- a. Give evidence of a high degree of spiritual maturity and exhibit evidence of a commitment to the spirit-filled life.
- b. Possess significant experience and active involvement in current ministry.
- c. Have a thorough understanding of and support the philosophy, objectives, stated purpose, and doctrinal beliefs of BHU. This is evidenced by the signing of the Code of Conduct and Statement of Faith.
- d. Be academically qualified to fill the respective position.

IV. FACULTY RECRUITMENT AND APPOINTMENT

The selection of faculty and teaching assistants is critical to the operation of BHU.

Care must be taken to ensure that all potential faculty and assistants have the academic qualifications required by national (TRACS, ABHE) and regional accreditation agencies. Additionally, all potential instructors, whether adjunct faculty or teaching assistants, must subscribe to the Code of Conduct and Statement of Faith of BHU.

Not all candidates submitting application to BHU as instructors will necessarily be approved regardless of their background or credentials.

The university is committed to academic excellence and will, in keeping with this commitment, choose only those who best fulfill the vision of the institution, as well as the individual department/program in which the course may correspond. The following are criteria that must be considered in the selection of full-time or part-time faculty.

a. Credentials

As accreditation standards and expectations continue to rise, BHU will give preference to those with the following terminal degrees (Ph.D., Ed. D., Th. D., D. Min) in specific academic disciplines from accredited institutions. In this way, there is greater credibility rendered to the entire program for those dependent upon BHU for professional training. Those with masters level graduate degrees will be considered depending on the course or program needs. Specific requirements are listed below.

1. Teaching assistant or facilitator of a media delivered instructional package/course the individual must hold at least a bachelor's degree with instruction in the subject area if credit is being offered at the undergraduate level. Specific qualifications vary from course to course for both facilitators and for teaching assistants.
2. To be an adjunct/extension faculty member teaching at the undergraduate level the individual must hold at least a master's degree in the field of study being taught and at least eighteen (18) semester/twenty-four (24) quarter hours of study in the subject area.
3. Academic degrees must have been awarded by institutions academically accredited by accrediting bodies recognized by the Commission on Higher Education Accreditation (CHEA) or an equivalent agency.

4. When a full-time or adjunct instructor begins to teach at BHU, their teaching experience can be recognized if they taught at least nine hours per year (or meets state criteria) or served in a full-time administrative position.

b. Christian Character

Academic credentials alone do not guarantee a growing, mature faith in Christ. BHU seeks those who align with the university's Core Values, especially those of Biblical Inerrancy, Integrity, and Dedicated Servant hood. The lives of instructors must be exemplary of those whose knowledge of God is derived from a deep, personal relationship with God and the inspired words of the Scriptures, those who accept and revere the Bible as God's written revelation and who have a proven, working knowledge of the Bible itself.

All instructors should model a Christian lifestyle that is consistent in or outside of class; exemplary in their speech, yet genuine and open with students in any setting.

Every instructor is expected to make himself/herself available to students for the purpose of spiritual encouragement, personal dialogue, prayer, and assistance in learning skills useful to be a successful scholar.

c. Ministry Experience

While the university acknowledges the importance of the instructor's cognate discipline and preparation, it equally values the practical experience in varied pastoral and marketplace ministry settings. BHU is a professional institution offering professional programs preparing people for professional roles and responsibilities. Consequently, to have instructors who are also practitioners in their field is of utmost importance to the adult student seeking immediate understanding and use. A minimum of three years ministry experience is expected beyond graduate school.

Such experience should provide the integration of scriptural principles with one's respective discipline. All instructors are expected to possess some proven experience in teaching where educational strategies and plans were implemented. This can include seminars, corporate training, and church settings. Since BHU is predominantly focused on the non-traditional, adult learner, instructors need to be able to relate well to adults, respecting their unique needs, experience, and contributions to the learning experience. Instructors should relate well to the diversity of backgrounds and cultures represented at BHU and exhibit openness to various approaches in teaching.

V. PROCEDURES FOR HIRING FACULTY MEMBERS

Department chairs plan courses for the semester programs with approval from the Academic Dean. They should then schedule interviews with potential adjunct faculty members. Those interviews are to include a scheduled time to meet with Human Resources.

Human Resources is to meet with the potential faculty members, provide all paperwork and a brief tour of Administration (to include an introduction to the President) and those persons pertinent to the employment process.

All paperwork is to be disseminated from and returned to the Office of Human Resources. This includes the following:

- Application of employment with Resume

Department Chairs will submit syllabi for posting on the website. Department Chairs will also be responsible for informing the Dean of Academic Affairs - via email - that syllabi have been received.

Department chairs are to submit classes and instructors to the Academic Dean for the creation of the semester schedule. After the semester schedule classes have been confirmed, contracts will be issued to all relevant adjunct faculty members from the Office of Human Resources.

Once all paperwork is received, faculty members will be processed for payroll in the Business Office.

VI. FACULTY PREROGATIVES

The faculty is expected to conduct scholarly study in order to assure that their academic practices is executed in keeping with the best recognized methods for teaching, research and professional development.

Each student is granted the right to learn, inquire and make applications in reference to the curriculum subject matter and to explore without restraint the problems and solutions that arise from such study and attending issues. This freedom is best guaranteed when a corresponding liberty of instruction is granted to instructors.

- b. Minimum academic requirement: An earned Doctorate and at least 6 years teaching experience.

d. Non-Discrimination and Harassment

The policy of Beulah Heights University is to provide equal opportunity to all qualified persons. Beulah Heights University does not discriminate on the basis of race, color, national origin, gender, handicap or disability, or age in any of its policies, procedures, or practices in compliance with Title VI of the Civil Rights Act of 1964 (pertaining to race, color and national origin), Title IX of the Education Amendments of 1972 (pertaining to gender), Section 504 of the Rehabilitation Act of 1973 (pertaining to handicap), and the Age Discrimination Act of 1975 (pertaining to age). This non-discriminating policy covers admission and access of Beulah Heights University programs and activities as well as hiring and employment at Beulah Heights University. Beulah Heights University recognizes the rights of all people to live peacefully in society and freely express their beliefs.

Members of the Beulah Heights University community with a concern or complaint, which may involve discrimination or sexual, racial or religious harassment, are encouraged to discuss the concern with a designated individual. Designated individuals include the President and / or members of the President's Cabinet. Any and all complaints of discriminatory behavior will be investigated promptly in accordance with procedures outlined in Beulah Heights University's Operational Manual and Team Member Handbook.

Employee conduct that unfairly discriminates against another is against the law. Beulah Heights University will quickly take corrective disciplinary action up to and including termination.

e. Sexual Harassment

The Equal Employment Opportunity Commission (EEOC), whose function is to enforce Title VII, issued Guidelines on Sexual Harassment in the workplace. The Guidelines Define Sexual Harassment as follows:

Un-welcomed sexual advances, requests for sexual favors, and other verbal or physical conduct of a sexual nature constitute sexual harassment when (1) submission to such conduct is made either explicitly or implicitly a term or condition of an individual's employment, (2) submission to or rejection of such conduct by an individual is used as the basis for employment decisions affecting interfering with an individual's work performance or creating an intimidating, hostile, offensive work environment

Under these guidelines, the employer is responsible for the discriminatory acts of its agents and supervisory staff members, regardless of whether the employer authorized, knew, or even should have known of the acts. In addition, the employer is responsible for sexual harassment conducted by non-supervisory staff members if the employer authorized, knew or should have known about the harassment.

f. Statement of Sexual Standards

The purpose of this policy is to convey Beulah Heights University's stance on sexual practices of its team members and students. Beulah Heights University believes that heterosexual union must be reserved for marriage and insists on sexual abstinence for the unmarried. Beulah Heights University believes premarital, extramarital, and homosexual forms of explicit sexual conduct to be inconsistent with the teaching of Scripture.

Beulah Heights University takes the physical health of its faculty, staff and students very seriously. Because of what we believe, the poor health of any of our members, naturally, would be a great concern. If one of the members of the BHU community contracts sexually transmitted diseases, including HIV/AIDS, it is expected that medical treatment be sought and administered. Counseling is also recommended. Professional referrals can be obtained through our Counseling Division.

g. Sexual Harassment Complaint Procedure

Except in rare circumstances, informal complaints of sexual harassment are handled by the Vice President and Dean for Academic Affairs and Human Resources who work with the parties involved obtaining information and resolving the problem.

The first step of the investigation is an interview with the complainant to ascertain exactly what occurred. Information is collected to determine when the incident took place, who is being charged, and what other circumstances, conversations, or witnesses might help define the problem more concretely. The complainant is apprised of the following facts:

1. The Office of Human Resources will get back to him/her with the findings
2. The complaint and related investigative materials are maintained separately and no notations are placed in the staff member's files.
3. No persons outside of those necessarily involved are informed.
4. No reprisals will be taken against an individual for making such a complaint.

The allegation is written down and the complainant is asked to sign the statement. Writing out the allegation provides additional documentation as well as possible justification for deciding what action to take in case that results in the staff member's word against that of another staff member. The charges will be investigated just as thoroughly if the complainant refuses to sign.

A similar interview is then conducted with the supervisor of the staff member accused of the sexual harassment. If, at this point, there is enough information gathered to make a final judgment on the merits of the complaints, steps will be taken to fashion an appropriate remedy.

However, if the charge is denied, or if there is a differing interpretation of the events, the investigation proceeds exactly as would any other discrimination investigation, with an examination of personnel and other work records, interviews with witnesses, if any, and comparisons to others similarly situated. Records are made of the findings.

The conclusion of this procedure will determine the action to be taken. The action taken will be immediate and appropriate for the charge as determined by the investigation. The consequences of engaging in acts of sexual harassment arise out of the same set of rules and policies as stated under Discipline and Termination of Employment.

XV. ACADEMIC POLICIES

a. Admission to Class

Students are officially admitted to class by authorization with a written notice from the Registrar's office to the instructor. This is in the form of an Official Class Register.

b. Classroom and Hour Changes

Alterations of classroom or class hour schedules are to be made only after consultation and approval of the Registrar.

c. Class Attendance Policy

Attendance in all classes is considered mandatory to the attainment of academic excellence. All faculty members will maintain an accurate attendance record and begin their class on time.

In any class when a student's absences for all reasons exceed the number of credit hours for the course, the final grade of the student will be affected, to be determined by the faculty member in consultation with the Dean of Academic Affairs.

To be eligible to receive credit for any course in which the student is enrolled, he/she must attend at least eighty percent of the total number of class meetings. Absence caused by prolonged illness may be exempt from this rule by a written request to the Vice President and Dean for Academic Affairs. All faculty members will communicate the attendance policy to the students through the course syllabus.

d. Class Walking

Students are permitted to leave class without penalty if no supervision is present or the instructor does not appear within 15 minutes of the beginning of the class hour. Instructors are urged to make an appropriate provision for their classes should they be unavoidably detained.

e. Absences on School Assignments

The Registrar's office will notify the faculty of all school assigned absences or any school-related authorized absences one week prior to the scheduled event. The student is expected to consult the respective teachers regarding make-up work for each class period so missed prior to absence. These absences will not count against the 80% class attendance policy required for course credit.

f. Faculty members

BHU faculty should not accept engagements, which conflict with assigned teaching schedules. All absences of instructors must be reported to the Vice President and Dean for Academic Affairs.

Instructors will be considered on school assignment when they represent the university at church functions or professional meetings approved by the Vice President and Dean for Academic Affairs.

g. Faculty Chapel Attendance Expected

Participation in the spiritual life of the university should be a major objective of all faculty members. One visible evidence of this is regular and punctual attendance in the chapel

services and other related campus functions. You will be expected to attend chapel on days that you teach.

h. Class Work

Faculty members will plan their course, assign class work and term papers, and administer appropriate tests in keeping with acceptable instructional techniques in order to provide the necessary educational experiences for the academic growth of students. Though considerable latitude is given teachers to arrange their instruction within these limits, it is recommended that written assignments, appropriate outside reading, and appropriate written examinations be required for all courses. *Pre* and *Post* course work are required for all modular courses.

i. Course Syllabi

Syllabi for all regularly scheduled courses are to be filed in the office of the Registrar and the faculty office two weeks prior to the beginning date of the semester. The syllabus should include course objectives, detailed outline, schedule of tests, activities, projects, papers, visual aids, and an adequate bibliography. All such syllabi are to be submitted electronically to the faculty members' respective chairperson at least 6 weeks before the term begins or as instructed by the department chair. **(Please see faculty office for copy of syllabus shell.)**

j. Textbooks

Texts for class can be chosen by the instructor, by submitting titles to the department chairs for approval. Texts should be compatible with sound scholarly practice and the mission of the institution. Textbook orders are to be submitted electronically to the book store at least 6 weeks before the term begins or as instructed by the department chair. **(Please see faculty office for instructions to access the book order form online.)**

k. Academic Standards

BHU insists on the highest level of academic excellence. The instructor will help maintain this standard by planning and carrying out each course using effective scholarly and academic practices.

l. Guest Speakers

Guest speakers for classes may be invited after the name has been submitted to the Department Chairs. The instructor will be responsible for any costs involved unless other arrangements are made with the Vice President and Dean for Academic Affairs.

m. Grading Policies

1. System of grading - The instructor may follow any grading method providing it is based on fair and sound academic procedure. Letter grades should be used to indicate the following general levels of achievements:

Grade	Standard	Scale
A +	Excellent	98 – 100
A	Excellent	94 – 97
A -	Excellent	90 – 93
B +	Good	88 – 89

D +	Passing	68 – 69
D	Passing	64 – 67
D -	Passing	60 – 63
F	Failure	60 or below

Institutional Grade Point Average - Grade points are computed by the following schedule:

A+	4.0 grade points
A	3.7 grade points
A -	3.5 grade points
B+	3.3
B	3.1
B -	2.9
C+	2.7
C	2.5
C -	2.3
D+	2.1
D	1.9

2. Incomplete Work (I) – A student who experiences illness or other emergencies may receive an “I” in a course with prior approval of the instructor. The approval request, accompanied by a statement from the instructor indicating all work to be completed must be filed in the Registrar’s office.

The grade of “I” for a course will involve a ten (10) point reduction for the final grade, unless illness or another emergency exists. At the end of thirty (30) days from the final exam, the incomplete will automatically become an “F”.

3. Withdrawals – A course which is dropped prior to the second week of the semester will not appear on the student’s permanent record card, nor will the grade be assigned. A course dropped after the first week of the semester will appear on the student’s permanent card with an assigned grade of “W”. A course dropped between the sixth week and the twelfth week will carry the grade “WP” (withdrew passing) or “WF” (withdrew failing). The “WF” grade is counted as a punitive grade on the student’s record. Course dropped after the twelfth week will carry the grade of “F”, except in the case of prolonged illness.

n. Reporting Grades

A master grade sheet of each class provided by the Registrar’s office will be submitted to the Registrar at the end of each semester. This should be done no later than one (1) week following final exams. Students are notified of their grade at the end of the semester by the Registrar. Official notice of final grades will not be issued until all indebtedness to the institution is paid in full.

o. Early Examinations

Early semester examinations will not be permitted without a request in writing from the student showing the reason for the request, and approval from the instructor.

p. Directed Study Course

A senior in his/her final semester may be permitted to take a course by directed study. An approval form must be submitted to either, the Vice President and Dean for Academic Affairs, Registrar, or Department Chair for approval. The instructor will also approve the request. Only properly oriented Instructors will be permitted to teach directed study courses.

q. Audit

Application for auditing a course may be made in the Registrar's office. Classes may be audited for (½) half the regular tuition. Although students may attend all class sessions and receive material, under no circumstances will credit be given for an audited class.

r. Academic Probation and Suspension

A full-time student who fails to maintain a 2.0 grade point average (on a 4-point system) will be placed on academic probation for one semester. Failure to meet this standard while on probation will result in suspension from university for one semester.

s. Academic Dishonesty

It is the responsibility of the instructor to take proper steps to encourage honesty in academic work by students. An "F" may be given for any work in which cheating is ascertained.

t. BHU Statement on Plagiarism

Plagiarism at BHU is completely unacceptable conduct. If not detected and challenged, it robs the student and the University of integrity and Christian testimony. It bypasses the learning process and makes credit the goal rather than character. It is unfair to other students.

Instructors have a responsibility to the university and to the student body in this matter. Care must be taken not to allow plagiarism to go unnoticed. Tests should be carefully monitored to assure that one student does not copy the answers from another student's paper. However, research papers provide the greatest temptation to the potential plagiarist. There are three common ways that plagiarism occurs. (1) The student copies work of another student, (2) the student copies verbatim text from a written source without acknowledging and documenting the source, and (3) the student lifts our textbook footnote reference and represents them as his or her own research.

Plagiarism can result in course failure or recommendation for dismissal from university. Students have an ethical responsibility to report any instances of plagiarism they have personally observed.

The instructor who discovers an instance of plagiarism should take the following steps: (1) Meet with the student(s) and point out the specific instances where plagiarism has occurred. (2) Help the student understand that the practice is ethically wrong. (3) Initiate corrective penalties.

The instructor is authorized to (a) simply reject the paper with a warning, (b) require a more thorough paper done properly, (c) let the student apologize to the class, (d) fail the course, or (e) all of the above. Additionally, the instructor may recommend dismissal from the university.

The instructor should carefully document the plagiarism and keep a record of the incident. However, because of privacy concerns and liability issues, the instructor has the responsibility to check with the registrar's office to obtain the names of other current instructors with whom the offending students have courses.

In oral form only – not in written form, the first instructor should contact all other instructors, and ask them to be alert to similar attempts by that student in their own courses.

XVI. POLICIES CONCERNING CONTRACTS

The following procedures will be followed concerning faculty contracts:

- a. The full-time faculty is given annual contracts. The contract period is twelve months in length, beginning prior to the regular term on a date announced by the Vice President and Dean for Academic Affairs and continuing through the academic year. Part-time faculty contracts shall be validated each semester the minimum number of students or after adjustments have been made for class size this may include a salary adjustment. Dean for Academic Affairs' approval is required for all adjustments.
- b. Contracts should be returned within two (2) weeks following the date issued. In the event that a renewal contract is not to be offered, the university will notify the faculty member on or before the date that contracts are offered to other faculty, whenever possible.

XVII. POLICIES CONCERNING FACULTY COMPENSATION

a. Salary

The full-time faculty salaries will be paid in ten (10 or 12) equal installments. Part-time faculty will be paid on a course by course basis. Adjunct instructors are paid four times during the fall and spring semesters and twice during the summer. If instructors team teach a course, one salary will be split between the two instructors. Full-time instructors will not be allowed to team teach a course with the expectation that the second instructor will be paid. One salary per course will be issued. Any exceptions will be evaluated on a case by case basis.

j. Educational Enhancement

The Board of Trustees has authorized a tuition allowance in the form of a loan, for educational enhancement for full-time faculty members of Beulah Heights University. These courses may be taken at any accredited university, seminary or university; however, the loan amount will be limited to the departmental fiscal year budget.

The purpose of the program is to encourage faculty to pursue advanced degrees and to aid them financially in so doing. It is imperative that these degrees coincide with the mission, vision, goals and objectives of BHU. Tuition assistance will be (1) limited to a specific number of people during any given semester (2) granted to those individuals that are filling an immediate objective of the university (3) and in accordance with the institutional budget.

Any interested faculty members should submit the request to the Department Chair then to the Vice President and Dean of Academic Affairs. All requests will be submitted to the Business Office and then to the President for final approval.

The faculty member will be notified of the response, approval or denial, to the request in writing. In order for this request to be approved the faculty member must commit to remain at BHU five years after the completion of the course work. In addition, if approved a promissory note must be signed prior to disbursement. No repayment of the principle is necessary until the faculty member terminates his or her services with the university as a full-time member. The loan is cancelled at the rate of 20% per year of full-time service after the completion of the course work (ex: Year 1 – debt reduction of 20%, Year 2 – debt reduction of an additional 20%, Year 5 – complete debt elimination).

If the faculty member full-time service is terminated prior to complete cancellation of the loan, the balance of the loan becomes due on the last day of full-time service with the university. Any variance to the above terms must be approved by the Board of Trustees.

If there is a need determined by the supervisor and funds are available, staff members will be granted assistance in accordance with the aforementioned policy. Full-time staff members are eligible to take two undergraduate classes and one graduate class each semester at BHU. These classes should be scheduled outside of the employee's work schedule.

Professional development seminars are also encouraged. Supervisory approval is needed prior to enrollment to insure it meets with institutional objectives and is within the constraints of the departmental budget. Conferences require supervisory approval and subsequent cabinet approval.

XVIII. GRIEVANCE POLICY AND PROCEDURE

Staff member satisfaction is one of our primary goals. We believe that it is in the best interest of both BHU and the staff member to resolve these matters as soon as possible at the lowest possible level. Staff members' problems or concerns regarding BHU rules, regulations, working conditions, or their application is addressed in the following manner:

1. The staff member should first attempt to adjust the grievance informally by discussing it with his or her immediate supervisor.
2. If the matter is not adjusted to the staff member's satisfaction through informal discussion, the staff member may proceed to the formal grievance staff by presenting the grievance in writing to his immediate supervisor, describing the adjustment desired. A form to begin this process is available in the Administration Office.

The written grievance must be presented to the immediate supervisor within five (5) working days of its occurrence. The supervisor will have five (5) working days in which to provide the staff member an answer in writing.

3. If the staff member is not satisfied with the answer from the immediate supervisor, he may take his grievance to the second level of review. The third level of review will be the President. The President will have ten (10) working days in which to provide the staff member an answer in writing.
5. If the staff member is not satisfied with the answer received from the third level of review, he may take the grievance to the fourth level of review within five (5) working days from the time the answer was given or due (whichever was earlier) by the third level reviewing officer. The fourth level of review will be the Board of Trustees. The Board of Trustees will have thirty (30) working days in which to provide the staff member an answer in writing.

XXIV. POLICY STATEMENT ON PHOTOCOPYING OF COPYRIGHTED MATERIALS FOR CLASSROOM & RESEARCH USE

The following policy statement regarding proper photocopying of copyrighted materials is not originally ours, but we concur with said statement and have incorporated same into our *Faculty Handbook* for the protection of *Beulah Heights University* and its faculty.

This policy statement was initiated in an unnamed university after nine (9) faculty members had a lawsuit filed against them for improper photocopying and distributing of copyrighted materials without prior permission from the owners.

- a. “The principles of the copyright law are designed to promote the creation, publication, and use of works of the intellect. These principles include both the exclusive rights of copyright owners to determine certain uses of their works (in not-for-profit as well as commercial contexts), and certain exceptions including the doctrine of “fair use.” These precepts are in the mutual interest of the university, author, and publisher communities of the public.”
- b. “Under the copyright laws, certain photocopying of copyrighted works for educational purposes may take place without the permission of the copyright owner under the doctrine of “fair use” (presently set forth in Section 107 of the Copyright Act). This principle is subject to limitations, but neither the statute nor judicial decisions give specific practical guidance on what photocopying falls within fair use. To achieve for faculty greater certainty of procedure, to reduce risks of infringement or allegations thereof, and to maintain a desirable flexibility to accommodate specific needs, the following policies have been adopted.
- c. All classroom material sales must be copyrighted for students to be able to access the material from the vendor of their choice. No sale of classroom material can be done outside of our relationship to any other private source.

XXV. FACULTY CODE OF CONDUCT

 4. Avoid grumbling and complaining about conditions that are not to your liking.
 5. Avoid hasty judgments of fellow teachers or staff.
 6. Be loyal to your co-workers and supervisors and support decisions made by higher authority, even if you might disagree.
 7. In case of disagreement, speak only with proper authority to make your views known.
